

Office of Student and Academic Programs Undergraduate Requirements Guide 2006-2007 thru 2007-2008

C.L.A.S. Degrees

B.A. African and African American Studies
 B.S. American Indian Studies
 B.A. Anthropology
 B.A. Asian Languages (Chinese & Japanese)
 B.A., B.S. Biochemistry
 B.S. Biochemistry
 B.S. Biological Sciences
 B.A., B.S. Chemistry
 B.A. Transborder Chicana/o and Latina/o Studies
 B.S. Clinical Laboratory Sciences
 B.A., B.S. Communication
 B.S. Computational Mathematical Sciences
 B.S. Earth and Space Exploration
 B.S. Economics
 B.A. English
 B.S. Family and Human Development
 B.A. Film & Media Studies
 B.A. French
 B.A., B.S. Geography
 B.S. Geological Sciences
 B.A. German
 B.A. Global Studies
 B.A. History
 B.A., B.S. Integrated Studies
 B.A. Italian
 B.S. Justice Studies
 B.S. Kinesiology
 B.A., B.S. Mathematics
 B.S. Microbiology
 B.S. Molecular Biosciences / Biotechnology
 B.A. Philosophy
 B.S. Physics
 B.A., B.S. Political Science
 B.A., B.S. Psychology
 B.A. Religious Studies
 B.A. Russian
 B.A. Sociology
 B.A. Spanish
 B.S. Speech and Hearing Science
 B.A. Women and Gender Studies

C.L.A.S. Minors

African and African American Studies
 American Indian Studies
 Anthropology
 Asian Languages (Chinese and Japanese)
 Astronomy
 Biochemistry
 Biological Sciences
 Chemistry and Biochemistry
 Transborder Chicana/o and Latina/o Studies
 Communication
 Computational Mathematical Sciences
 Economics
 Economics for Careers in Law
 English: Linguistics Concentration
 English: Literature Concentration
 Family and Human Development
 French
 Geography
 Geological Sciences
 German
 History
 Italian
 Justice Studies
 Kinesiology
 Mathematics
 Philosophy
 Physics
 Political Science
 Psychology
 Religious Studies
 Russian
 Sociology
 Spanish
 Speech and Hearing Sciences
 Statistics
 Women and Gender Studies

C.L.A.S. Certificates

CLAS Enriched Certificate (CLASEC)
 African and African American Studies
 American Indian Studies
 Arabic Studies
 Asian Pacific American Studies
 Asian Studies
 Civic Education
 Classical Studies
 Early Intervention
 East Asian Studies
 Ethics
 Geographic Information Science (GIS)
 Healthcare Organizations and Society
 History and Philosophy of Science
 International Studies
 Islamic Studies
 Jewish Studies
 Latin American Studies
 Medieval and Renaissance Studies
 Russian & East European Studies
 Scandinavian Studies
 Southeast Asian Studies
 Symbolic Systems
 Translation
 Women and Gender Studies
 Writing

Pre-Professional Programs:

Students in these programs select a major from the list of degrees offered.

- Professional Field Advisor Location
- Pre-Health Professions, LSC-206,
Ph: (480) 965-2365
 - Pre-Law, Fulton Center 110,
Ph: (480) 965-6506

Students seeking career information in fields not listed should contact the University Career Services Office, the CLAS Office of Student and Academic Programs, or their department.

THIS GUIDE IS NOT A CONTRACT FOR GRADUATION. The emphasis of this guide is on the University General Studies and the College of Liberal Arts and Sciences requirements. Although general information is provided for your major, you must consult your major department (which, in most cases, has its own curriculum check sheet) for specific information concerning your field of specialization.

ADVICE: IT IS IMPORTANT TO CONSULT WITH AN ADVISOR EARLY IN YOUR COLLEGE CAREER.

- It is the student's responsibility to understand and meet the requirements for graduation.
- Students normally receive advisement in their major departments.
- Students with transfer credits from schools outside of the Arizona public school system or who are on probation or have been disqualified should contact the Office of Student and Academic Programs in the Fulton Center Suite 110, (480) 965-6506.

REMINDER: Declarations of Graduation are due in the Fulton Center Suite 110 immediately after students enroll in their 87th hour. The deadline for the Fall semester is October 1 and for the Spring semester is March 1.

REQUIREMENTS FOR GRADUATION

College of Liberal Arts and Sciences students must satisfy the following requirements to graduate:

- 1) University General Studies requirements
- 2) College Graduation requirements
- 3) Major requirements

Meeting the University General Studies Requirement:

A minimum of 35 semester hours plus the First-Year Composition requirement is required. Courses that fulfill the First-Year Composition requirement are ENG 101 & 102; or 105; or 107 & 108 (WAC 101 or 107 is also required in some cases).

The Five General Studies Core Areas: A single course cannot be used to satisfy two core area requirements, even if it is approved for more than one core area.

- Literacy and Critical Inquiry (L) – 6 semester hours with at least 3 upper-division courses.
- Mathematical Studies MA and CS Requirement – 3 semester hours MA and at least 3 semester hours CS. CLAS majors require a “C” minimum in the MA area.
- Combined HU and SB Requirement – 15 semester hours, 6 semester hours must be taken in one of these two core areas and 9 hours in the other core area; and 3 of the 15 semester hours must upper-division.
- Natural Science-Quantitative (SQ) and Natural Science-General (SG) - 4 semester hours SQ and 4 semester hours SQ or SG.

Awareness Areas: A single course may be used to satisfy one core area and/or a maximum of two awareness area requirements. Students must complete courses that satisfy each of the three awareness areas: Cultural Diversity in the United States (C), Global Awareness (G), and Historical Awareness (H).

General Studies course lists are available in the ASU General Catalog, the Schedule of Classes and on the web at <https://sec.was.asu.edu/coursedb/genstudies/genstudies.jsp>.

Meeting the CLAS College Graduation Requirements:

Students pursuing a B.A. must fulfill the **second language proficiency requirement**. The fourth semester requires a ‘C’ minimum grade. Through the 202 level for most, but for GRK must complete 301 & 302, POR and ROM must complete 314.

Students pursuing a B.S. must fulfill the **Science and Society requirement**. This is a paired sequence of 2 courses of at least 3 hours each. A “C” minimum grade is required in both courses. These courses MAY NOT be used to fill (double count with) the major, related fields or the University General Studies, (except L, C, G and H) and must be chosen from the list of approved Science and Society courses found at <http://clas.asu.edu/students/degreerequirements/scienceandsociety.htm>. See your Departmental Advisor to discuss this requirement.

Meeting the Major requirements:

Consult the department offering the major for specific requirements. The major department may require up to 45 semester hours of course work. The minimum is 30 hours. A maximum of 15 additional hours may be required in related courses and prerequisites. No more than 60 semester hours of course work may be required to complete the major, related courses, and prerequisites.

- A minimum of 12 upper-division hours in the major must be taken in residence.
- A grade of “C” or better is required in all courses at the 300 level or higher to be counted for the major. Some majors have more stringent requirements.
- Pass/Fail courses CANNOT be used for the major or related courses.
